

All Around the World!

5.7.19

Dear Parents,

This year's activity week, (which will be held later than usual - on Monday, Tuesday and Wednesday, 15th, 16th and 17th July), has a wide-ranging theme. We have planned workshops and activities to reflect different countries and regions of the world while providing a mix of creative, active, 'making' and cultural experiences.

For those of you new to Activities Week, the children are mixed into 'vertical' age groups – YR to Y6 - and enjoy eight activities over the three days. We have arranged for the activities to run as far as possible without relying on parental help. However in many, younger children might benefit from a few extra hands and parents are welcome to come along if they would like. From the attached lists, you will be able to see the activities and work out your child's timetable. Rough timings are: session 1: 9.00-10.30, session 2: 10.50 – 12.20, session 3: 1.30-3.00. You can sign up via Doodle <https://doodle.com/poll/8p9qx2iauh6zkiwd> On the day, please make sure you sign in at the office and allow enough time for this before the start of your activity.

Children will need to carry their home snack with them from registration and should bring a small container to school with them for that purpose. Children in Reception, Year 1 and Year 2 will be provided with a snack as usual but a small container would still be useful. We will have snack break at 10.30. Lunches are as normal. As we may need to be outdoors for some of the activities, please ensure your child has suitable clothing (including coat/hat if rain is possible) and sunscreen. School uniform should be worn as usual.

We have tried hard to keep costs down using in-house expertise, sponsorship, etc, as well as contributions from both the PTA and school budgets. We have managed to reduce the price from last year but to meet the cost of ingredients and craft materials, we are requesting a contribution of £3 per child, or £5 per family. Please try to support us with this, as if we cannot meet costs, we may not be able to run all the activities, or future events. This should be paid via Parentmail, please.

We don't need permission slips for the week's activities, however if you need to update the school on any medical or food allergy issues (as we will be cooking), please get in touch with the office staff.

Yours Sincerely,

Chris Jarvis
